The Group closed the first half of 2025 with **Sales of €12.8m, +106%** compared to €6.2m as of June 30, 2024.

This performance is **attributable for over 55% to organic growth (€ 3.8m)**, as well as to the contribution from newly acquired companies (Ergo and Energika), which generated revenues of € 2.8m.

As of June 30, 2025, the Group boasts a **portfolio of 4,442 clients**, up from 4,197 clients as of December 31, 2024 (**on a like-for-like consolidation basis**).

Historically, the **first half of the year is not representative of the Group's full-year performance**. Due to the combined effect of revenue recognition patterns and a more even distribution of costs throughout the year, **the Group typically records a significant concentration of both revenues and margins in the second half**.
